DIVERSE:

STTG: First fieldfare of the year! A young male. Also another firecrest, which now makes seven!

Div: We had our first guiding of the year, which MSL kindly took and FMN assisted in preparation to take them in the future. MER and EEL rearrived for the weekend. MHM and JMS cleaned up some old wood lying in the garden. FOG and JSA tried to look for jack snipes in västra mark but to no success.

In the evening we played a new board game that we bought (Codenames) and a card game that VIV brought with her.
