RINGMÄRKNING:

Inga nät, andfänget aktivt

Gräsand 5

Totalt 5 individer av 1 art.

Ringmärkare: MSL, BRG,
SMN

DIVERSE:

With Freddie gone, everyone woke up a little late to trap any other birds than ducks so 5 new are all joined the totals today, followed by 6 controls. We finally called it quits and gave up hope for the Raptor trap with the door removed on the way home and deactivated for another unsuccessful Autumn despite the insane amount of bait we recieved this year. Deep cleaning continues...
